

Battery Compatibility Overview of the AEG Hybrid Inverter AS-ICH02-02/HV (5-10kW)		
High-voltage Energy Storage Systems		
Battery Brand	Battery Series	Battery Model
GOODWE	Lynx Home F*1 Lynx Home F PLUS+*1	LX F6.6-H
		LX F9.8-H
		LX F13.1-H
		LX F16.4-H
*1. ARM firmware versions 19 and above are required for compatibility.		
Battery Brand	Battery Series	Battery Model
BYD	Battery-Box HV Series*1	-
	Battery-Box Premium HVM*2	HVM 11.0
		HVM 13.8
		HVM 16.6
		HVM 19.3
		HVM 22.1
	Battery-Box Premium HVS*2	HVS 5.1
		HVS 7.7
		HVS 10.2
		HVS 12.8
*1. ARM firmware versions 07 and above are required for compatibility.		
*2. ARM firmware versions 11 and above are required for compatibility.		
Battery Brand	Battery Series	Battery Model
LG	RESU FLEX Series*1	FLEX 8.6
		FLEX 12.9
		FLEX 17.2
*1. ARM firmware versions 23 and above are required for compatibility.		
Battery Brand	Battery Series	Battery Model
PYLON	Powercube H1 Series	POWERCUBE-H1-48*1
	Force H1 Series*2	Force-H1
	Force H2 Series*2	Force-H2

*1. ARM firmware versions 07 and above are required for compatibility. Please note that the nominal voltage of POWERCUBE-H1-48 Series must be within the Battery Voltage Range of AEG inverters. Maximum 11 units for AS-ICH02.		
*2. ARM firmware versions 14 and above are required for compatibility. Please note that the nominal voltage of FORCE-H1 Series must be within the Battery Voltage Range of AEG inverters. At least 5 FORCE-H1 battery modules for AS-ICH02.		
Battery Brand	Battery Series	Battery Model
DYNES	Tower Series*1	Tower T10
		Tower T14
		Tower T17
*1. ARM firmware versions 10 and above are required for compatibility.		
Battery Brand	Battery Series	Battery Model
Soluna	HV Battery Series*1	Soluna 10K Pack HV
		Soluna 15K Pack HV
*1. ARM firmware versions 10 and above are required for compatibility.		
Battery Brand	Battery Series	Battery Model
iPotisEdge	Mint-JKE*1	Mint-JKE15
		Mint-JKE20
*1. ARM firmware versions 12 and above are required for compatibility.
